

A modern dining room interior featuring a long rectangular table with a natural stone or marble top, supported by a light-colored wood base. Eight orange upholstered chairs with a modern, curved design are arranged around the table. The background wall is made of vertical wood slats and features a built-in fireplace with a dark interior and a small arrangement of logs. Above the table, a cluster of clear glass spherical pendant lights hangs from the ceiling. To the right, a kitchen area with a white countertop and a modern faucet is visible. Several potted plants are scattered throughout the space, adding a touch of greenery. The overall aesthetic is clean, minimalist, and contemporary.

Our products

Porcelanosa offers a wide product range including tile, kitchen and bathroom, hardwood, mosaics, natural stone and countertop surfaces. Porcelanosa's products aim to be an inspiration and reference point for architects, designers, real estate developers, and professionals. Designed to be used for all types of projects - residential, public, or contract - Porcelanosa's materials create comfortable, modern, and functional spaces.

- FACADES

Ecological commitment

The care and conservation of the environment has always been one of Porcelanosa's major concerns. Porcelanosa's environmental strategy goes far beyond the optimization of production systems; Examples of this include faucets that limit water flow or building solutions that allow for energy saving in their heating systems.

Many of the products manufactured by Porcelanosa have distinct ecological features. Flooring using over 95% recycled material, kitchen and bathroom worktops with Krion® K-Life, which help purify air, faucets with aerators, double-flush system toilets, with which you can save up to 89% water, and ventilated facade systems, which reduce air conditioning costs and allow you to save more than 30% on energy bills.

30%

of energy consumed by Porcelanosa is generated by its own facilities to promote energy efficiency.

Porcelanosa has repopulated a forest area with

10,400

trees.

100%

of water volume is recycled through our 5 wastewater treatment plants.

Fall inspiration

Draw inspiration from the changing leaves, fallen branches, and the warm and inviting color palette that is found in nature. Earthy, textured tiles and rich hues combine to capture the warmth and coziness of the seasons.

1.

Living rooms

Porcelanosa tiles come in countless colors, patterns, and textures, allowing you to find the perfect style to complement your existing décor. Whether you prefer a sleek and modern look or a more traditional and rustic feel, there is a tile option that will suit your taste. Tiles can be arranged in different layouts, such as herringbone or chevron patterns, to add visual interest and create a unique focal point in your living room.
